Admissions Policy

ETHOS

St. Peter's College is a Diocesan Secondary School dedicated to the education of boys. It is central to the purpose of St. Peter's College to promote Christian values. It provides a Catholic education where truth, honesty and justice are promoted among the school community. The pursuit of academic excellence is integrated with the personal, social, emotional, physical and spiritual development of the child.

The school works in close liaison with parents/guardians in providing a well-balanced integrated person-centered education. Parents/Guardians subscribe to the Christian/Catholic philosophy of the school when they freely choose to send their children to the College.

Incorporating equality, fairness and care, all in St. Peter's College strive to create a school community reflective of true followers of Christ.

INTRODUCTION

This Admissions Policy is set out in accordance with the provisions of the Education Act, 1998, Section 15, 2(d) and the Education Welfare Act, 2000, Section 19.1. In so doing, the Board of Management trusts that Parents/Guardians will be assisted in relation to admission matters. Furthermore, the School Principal will be happy to clarify any matters arising from this policy.

It is to be clearly understood that the school depends on the grants and teacher resources provided by the Department of Education & Skills and that it operates within the regulations laid down from time to time by the DES. All school policies must have regard to the resources and funding thereby made available. Within this context and set of parameters, the school supports the principles of:

1. Inclusiveness, particularly with reference to the admission of children with a disability or other Special Educational Need
2. Equality of access to and participation in the school
3. Parental choice in relation to admission
4. Respect for the diversity of values, beliefs, traditions, languages and ways of life in society

The school is managed by a Board of Management (BOM). The admission of students to the school is a function of the Board of Management. Each year the Board of Management decides the number of first year students that the school will accept for the following school year. This decision is taken having regard to the facilities, personnel, and resources available, the number of students for whom the school can provide an appropriate education, along with safety, health and welfare considerations.

The Board of Management reserves the right to refuse an Application for admission subject to the school's Admissions Policy.

This policy was adopted by the school's Board of Management on 13th May, 2015 and replaces all earlier Admissions Policies.

It is to be clearly understood that offers of places in the school are made in strict accordance with the most recently ratified Admissions Policy, i.e. that of 13th May 2015, and not under the terms of any earlier Admissions Policy.

PRIORITY FOR OFFERING PLACES IN 1ST YEAR

The Board of Management has prioritised for enrolment the following categories of students in order as listed:

1. Brothers of students past or present who attended the school
2. Sons of past pupils
3. Sons of permanent staff members
4. Sons of members of the Board of Management in place at the time of enrolment
5. All other fully completed applications received on or before the closing date for receipt of applications

Where the demand for places exceeds the number of places available, the prioritisation above, adopted by the Board of Management, will be used to allocate places.

In that event, a lottery or lotteries will be held, taking into consideration the order of the priorities above. [For example, should it be seen that, within the maximum numbers in any given year, not all applicants at category 2 can be accommodated, then, all applicants within category 2 will be included in a lottery...and so on in the case of other categories.] Such a lottery or lotteries will be overseen by the Principal, or Deputy Principal, a member of Board of Management, a member of the Parents' Council and an independent person.

Prospective students must have completed sixth class in Primary School and reached the required age: 12 on the 1st January in the calendar year following the boy's entry into First Year.

8. It is the responsibility of the Parents/Guardians to notify the school, in writing, of any changes in the details contained on the Application Form including change of address.
9. In November/December preceding the student's year of entry, the school will contact Parents/Guardians, in writing, with offers of available places. On acceptance of a place, completion of an **Enrolment Form** will be required.

12. Should the demand for 1st Year places exceed the number of places available, the Secretary of the Board of Management will notify, in writing, the Parents/Guardians of boys to whom it is not possible to offer a place. Such boys will be placed on a Waiting List in accordance with the criteria for offering places to 1st Years. The Waiting List for entry in any given year expires on 30th September of that year of entry.

13. Parents/Guardians have the right to appeal this decision to the Board of Management. Such an appeal must be made in writing within 14 calendar days of the date of the letter informing them that they were not offered a place, and is only admissible if it relates to the procedures involved in the implementation of the Admissions Policy. Parents/Guardians must state in their written appeal if they wish to have a personal hearing at any Board meeting called for the purpose of considering such appeals.

14. A decision not to enrol a boy into the school may be appealed to the Department of Education & Skills under the terms of Section 29 of the Education Act 1998.

In mid-January of the calendar year of entry, the school will advise Parents/Guardians in writing of an "**Information Night**" which is usually held at the end of January.

In June/July Parents/Guardians are sent a "**1st year Information Pack**" containing Book List, School Uniform etc., and notification of commencement date of the School Year.

ENTRY INTO TRANSITION YEAR

Every effort will be made to accommodate our 3rd year students but the Board of Management cannot guarantee that every student will gain entry into Transition Year. Each year the Board of Management in consultation with the school community will set the number of places in Transition Year, determined by the resources available.
